SEAC ACTION RESPONSE GUIDELINES & PROTOCOL

(Condensed version – official Guidelines for specific details located on SEAC website)

PURPOSE

The primary purpose of this Policy is to act as a guideline to assist players, parents, coaches, and SEAC Board Members with regards to all extraneous challenges. An important principle of this Policy is that all SEAC members are responsible for their actions, their behaviors, and whatever goes into his/her body.

South East Athletic Club (SEAC) will respond to all extraneous challenges connected to individuals or teams that may include but are not limited to:

- Illegal Drugs and Alcohol
- Bullying and Hazing
- Financial Issues (ie Hardship cases, misuse of funds)
- Behaviors or Actions Unbecoming of any member of the SEAC.

The SEAC includes the following: Board Member Directors, Associate Members, coaches, team personnel, players, or parents

GENERAL POLICY GUIDELINES

1. SEAC will work from the viewpoint that for any incident that falls under the above, the SEAC Board will respond 100% of the time. (100% Response)
2. SEAC will provide all of its members with a SEAC Handbook detailing The Action Response Guidelines and Protocol
3. SEAC will establish a **Member Integrity Committee (MIC)**
The MIC is a Board Committee that will be comprised of 2 Board Directors (may or may not include the president) as well as 2 Associate Members, one parent currently with a player on a SEAC team, as well as one player from a SEAC team.
4. Any member or incident that is reported to the president or vice-president of the SEAC Board where the president or designate feels there may have been a breach or violation of this policy, the following 3 Stages will be followed:

STAGE 1

The Member Integrity Committee, led by the MIC Committee Chair, will initiate a thorough investigation. The Chair will use all reasonable means to protect the identity and integrity of any persons reported in the first stage. At the completion of Stage 1, if further action is to be taken – the process will move to Stage 2. The Committee Chair will also provide the SEAC Board with a summary at the next Board meeting.

STAGE 2

This stage is to be conducted by the four Board Members (two directors and two associate members) and will not include the parent and the player from the MIC from Stage 1. Only Directors and Associate Members will be part of Stage 2. Stage 2 is an indication that the MIC has called for a formal hearing to take place. At the conclusion of the hearing the Board Members of the MIC will decide whether there will be any further results. Results from a hearing are listed in the official Guidelines and Protocol.

STAGE 3

Completion of the consequences from Stage 2. Where upon the individual(s) has/have completed Stage 2, the MIC Committee Chair, as well as other MIC Committee members if the Committee Chair deems necessary, will meet with the individual(s) to review the case and determine if all of the results from Stage 2 (the Hearing) have been completed.

APPEAL PROCEDURE

As with any proper due process, individuals who feel that a ruling is not acceptable or fair, the SEAC does provide an appeal process. In the event where a party feels like there is the need for an appeal, three steps will be followed and are outlined more specifically in the official Action Response Guidelines and Protocol.

and working together is success. – Henry Ford***

FEE STRUCTURE

Due to Covid-19 we have made the decision to amend our fee structure this year. Fees will continue to be set to meet/recoup costs in full. Due to the circumstances we have reduced our overall fee structure on the expectation of less games, less travel, and overnight trips (no hotels).

We have budgeted for \$3300 at this time to meet our expenses for a full year. This is down from \$4250 for the U15 team and \$5,000 of U16 last year. We are still learning and hope to know more about what the 2nd half of the year will look like including the playoff structure which may result in changes. This may result in our January cheque needing to be changed.

With the above said we have several fixed expenses that will require funding immediately. All travel will be via bus. All travel will be single day trips. Players will be outfitted with team paraphernalia this next week and our goal will be to provide all the regular SEAC programs including fitness, powerskating, goalie instruction, and skate sharpening that we have in the past.

We have decided to structure our fees as follows:

- \$1650 first cheque payable immediately.
- \$1650 2nd cheque to be paid [January 1st](#). Please have this postdated to [January 1, 2021](#).

The initial cheque will ensure we have sufficient funds to meet to our pre-[Christmas](#) schedule and pay for all expenses budgeted and incurred.

We will not be asking for a performance bond at this time. We also do not know if the Medicine Hat Tigers will be having 50/50 at their games at this time.

In all previous years our teams were asked to find sponsorships. As you see our fees are being established at a dollar level that sponsorship is not required. With this said, and after numerous discussions, SEAC has decided that a player/family is able to use all sponsorship monies raised towards their own individual fees. For those of you interested in finding sponsors this could help you immensely. For those of you that would just rather pay for the fee this does not affect you. Please understand there will be no hard copy of the program this year with the same provided & represented online.

Reimbursement of Player Fees

We understand there are circumstances in our lives that may result in our decision for change. SEAC has determined that any player leaving our program voluntarily will not be entitled to a reimbursement of their fees if this change occurs after December 1st.

If a player is injured for the season in the first few months of the year, a reimbursement will be prorated if the family confirms their child's spot can be provided to another player. After January 1st no refund will apply.

Player Billeting

Should a family require Billeting for their player, please coordinate with your Team Manager. Each family is responsible for a \$400/monthly payment provided directly to the host family.

Equipment

All SEAC teams are expected to wear similar gloves, pants, and helmets, and this cost is the responsibility of each player/family.

Each player will be provided a hoodie, work out clothing and a hockey bag.

Without goals, and plans to reach them, you are like a ship that has set sail with no destination. - Fitzhugh Dodson
